Through this song, the poet depicts Hiranyakashipu's boon, cruelty and enmity towards Lord Vishnu. This song also beautifully portrays the devotion of Prahlada. Through this song, the poet has told how Lord Vishnu saved his devotee Prahlada from the atrocities of Hiranyakashipu and finally killed Hiranyakashipu by taking Narasingh avatar. ABOUT NARASIMHA/NARASINGH AVATAR Narasimha, sometimes spelled Narasingha is a fierce avatar of the Hindu god Vishnu, one who incarnates in the form of part lion and part man to destroy evil and end religious persecution and calamity on Earth, thereby restoring Dharma. Narasimha iconography shows him with a human torso and lower body, with a lion face and claws, typically with a demon Hiranyakashipu in his lap whom he is in the process of defeating. The demon is the powerful brother of evil Hiranyaksha who had been previously defeated by Vishnu, and thus hated the latter. Hiranyakashipu gained special powers by which he could not be killed during the day or night, inside or outside the house, any place in the world i.e. neither in sky nor on land nor in heaven nor in pataala, by any weapon, and by man, god, asura or animal. Endowed with this, he began to create chaos and havoc, persecuting all devotees of Vishnu, including his own son. Vishnu understood the demon's power and creatively adapted into a mixed avatar that is neither man nor animal and kills the demon at the junction of day and night, inside and outside. Narasimha is known primarily as the 'Great Protector' who specifically defends and protects his devotees from evil. The most popular Narasimha mythology is the legend that protects his devotee Prahlada, and creatively destroys Prahlada's demonic father and tyrant Hiranyakashipu INSTAGRAM Narci: https://www.instagram.com/narci\_thoughts/ I Kill Graphix: https://www.instagram.com/ikillgraphix/ #narayan #narci #dashavatar

### 67. Keane "Somewhere Only We Know" Lyrics

Description: I walked across an empty land I knew the pathway like the back of my hand I felt the earth beneath my feet Sat by the river and it made me complete Oh, simple thing, where have you gone? I'm gettin' old, and I need something to rely on So, tell me when you're gonna let me in I'm gettin' tired, and I need somewhere to begin I came across a fallen tree I felt the branches of it looking at me Is this the place we used to love? Is this the place that I've been dreaming of? Oh, simple thing, where have you gone? I'm gettin' old, and I need something to rely on So, tell me when you're gonna let me in I'm gettin' tired, and I need somewhere to begin And if you have a minute, why don't we go Talk about it somewhere only we know? This could be the end of everything So, why don't we go Somewhere only we know? Somewhere only we know Oh, simple thing, where have you gone? I'm getting old, and I need somewhere to rely on So, tell me when you're gonna let me in I'm getting tired, and I need somewhere to

begin And if you have a minute, why don't we go Talk about it somewhere only we know? This could be the end of everything So, why don't we go? So, why don't we go? apart I don't want to hurt you, I hate to make you sad It's not that I don't love you, but I need more than that You're drowning in your problems while holding desperately I've got to let you go, cos there's no one saving me I don't want you to hurt anymore I've got nothing left but to set you free I don't want to hurt anymore I've got nobody saving me I don't want to hurt you, I hate to make you sad It's not that I don't love you, but I need more than that You're drowning in your problems while holding desperately I've got to let you go, cos there's no one saving me I don't want to hurt you, I hate to make you sad It's not that I don't love you, but I need more than that You're drowning in your problems while holding desperately I've got to let you go, cos there's no one saving me I don't want to hurt anymore I've got nobody saving me #NewMusic #EwanMainwood #NoOneSavingMe

I said, "Young people fall in love With the wrong people sometimes" [Chorus] Some mistakes get made That's alright, that's okay You can think that you're in love When you're really just in pain Some mistakes get made That's alright, that's okay In the end, it's better for me That's the moral of the story, babe (Oh-oh, oh-oh) (Oh-oh, oh-oh) [Verse 2] It's funny how a memory Turns into a bad dream When running wild turns volatile Remember how we painted our house Just like my grandparents did So romantic, but we fought the whole time Should've seen the signs, yeah [Pre-Chorus] Talking with my mother She said, "Where'd you find this guy?" Said, "Some people fall in love With the wrong people sometimes" [Chorus] Some mistakes get made That's alright, that's okay You can think that you're in love When you're really just in pain Some mistakes get made That's alright, that's okay In the end, it's better for me That's the moral of the story, babe (Oh-oh, oh-oh) (Oh-oh, oh-oh) (Oh-oh, oh-oh) (Oh-oh, oh-oh) [Bridge] They say it's better to have loved and lost Than never to have loved at all That could be a load of shit But I just need to tell you all [Chorus] Some mistakes get made That's alright, that's okay You can think that you're in love When you're really just engaged Some mistakes get made That's alright, that's okay In the end, it's better for me That's the moral of the story Some mistakes get made That's alright, that's okay You can think that you're in love When you're really just in pain Some mistakes get made That's alright, that's okay In the end, it's better for me That's the moral of the story, babe [Outro] (Oh-oh, oh-oh) (Oh-oh, oh-oh) (Oh-oh, oh-oh) (Oh-oh, oh-oh) (Oh-oh, oh-oh) (Oh-oh, oh-oh) oh-oh) ....... ■ Wallpaper: https://unsplash.com/ ....... ■ Contact / Demo Submissions: contact@7clouds.org ....... ■ Demos / Music Submissions: https://7clouds.edmdistrict.com

I'm still your girl Holding on too tight Head up in the clouds Heaven only knows where you are now [Pre-Chorus] How do I love, how do I love again? How do I trust, how do I trust again? [Chorus] I stay up all night, tell myself I'm alright Baby, you're just harder to see than most I put the record on, wait 'til I hear our song Every night, I'm dancing with your ghost Every night, I'm dancing with your ghost [Verse 2] Never got the chance To say a last goodbye I gotta move on But it hurts to try [Pre-Chorus] How do I love, how do I love again? How do I trust, how do I trust again? [Chorus] I stay up all night, tell myself I'm alright Baby, you're just harder to see than most I put the record on, wait 'til I hear our song Every night, I'm dancing with your ghost Every night, I'm dancing with your ghost [Bridge] How do I love, how do I love again? How do I trust, how do I trust again? [Chorus] I

Same old empty feeling in your heart 'Cause love comes slow and it goes so fast Well you see her when you fall asleep But never to touch and never to keep 'Cause you loved her too much And you dived too deep Well you only need the light when it's burning low Only miss the sun when it starts to snow Only know you love her when you let her go Only know you've been high when you're feeling low Only hate the road when you're missin' home Only know you love her when you let her go And you let her go And you let her go Well you let her go 'Cause you only need the light when it's burning low Only miss the sun when it starts to snow Only know you love her when you let her go Only know you've been high when you're feeling low Only hate the road when you're missin' home Only know you love her when you let her go 'Cause you only need the light when it's burning low Only miss the sun when it starts to snow Only know you love her when you let her go Only know you've been high when you're feeling low Only hate the road when you're missin' home Only know you love her when you let her go And you let her go Follow Passenger Online: https://passengermusic.com Facebook: https://Passenger.lnk.to/FacebookID Twitter: https://Passenger.lnk.to/TwitterID Instagram: https://Passenger.lnk.to/InstaID Spotify: https://Passenger.lnk.to/SpotifyID Apple Music: https://Passenger.lnk.to/AppleMusicID YouTube: https://Passenger.lnk.to/YouTubeID

Here is a recreation of the famous bhajan, Radharaman mere... music and vocals: Harinaam Das Originally Sung by Bhaiya Krishna Das ji, on Vipul Music Brief History of Sri Radharaman. Radha Raman means the lover (ramana) of Srimati Radha. The temple was established over 500 years ago by Gopala Bhatta Goswami.[2] At the age of thirty, Gopala Bhatta Gosvami came to Vrindavana. After Chaitanya Mahaprabhu's disappearance Gopala Bhatta Gosvami felt intense separation from the Lord. To relieve his devotee from the pangs of separation, the Lord instructed Gopala Bhatta in a dream "If you want my darshana then make a trip to Nepal". In Nepal, Gopala Bhatta bathed in the famous Kali-Gandaki River. Upon dipping his waterpot in the river, he was surprised to see several Shaligrama shilas enter his pot. He dropped the shilas back into the river, but the shilas re-entered his pot when he refilled it. Deity at Radha Raman Temple, Vrindavan. Gopala Bhatta Gosvami found twelve Shaligrama shilas. It is believed that once a wealthy man came to Vrindavana and offered Gopala Bhatta a variety of clothes and ornaments for his Shaligramas in charity. However, Gopala Bhatta couldn't use these for his round-shaped Shaligramas. He advised the donor to give the deity decorations to someone else. It is believed that the donor refused to take them back and Gopala Bhatta kept the clothes and ornaments with his shilas. On the Purnima (full moon) day, in the evening after offering naivedhya to his Shaligrama shilas, Gopala Bhatta put them to rest covering them with a wicker basket. Late in the night, Gopala Bhatta took a little rest. in the early morning he went to take bath in the Yamuna river. Returning from his bath, he uncovered the Shaligramas in order to render puja, and saw amongst them a Deity of Krishna playing the flute. There were now only eleven shilas and a Deity. The "Damodara shila" had manifested as the beautiful three-fold bending form of tri-bhangananda-krishna. In this way Radha Raman emerged in a perfectly shaped deity form from a sacred shaligrama shila.[3] Devotees consider this image to be alive and that he grants a chosen family the privilege of assisting him in his daily schedule.[3] In this way "the Lord has granted his wish and the stone was turned into the murti of Sri Krishna".[4] As a narrative account of actualized Krishna-bhakti,

Radharamana's appearance story highlights the divine-human relationship of love as the ontologically central category of ultimate reality.[5] The Prasad for Shri Radha Raman Ji is prepared by the male members of the Goswami families in the temple kitchen. The fire in the kitchen lit in early days of the temple still continues today. The Goswami families are allotted a calendar in advance for their personal seva (service) period and they perform seva accordingly. They also invite their disciples during their period and celebrate major family functions and ceremonies. Inside the temple complex, the samadhi of Srila Gopal Bhatta Goswami is also situated. There the rarely available Unag vastra of Sri Chaitanya Mahaprabhu is kept. #radharaman #kabhibhuluna #Radharamanappearance2020

#### 283. Avery Anna - Narcissist (Lyric Video)

Description: Avery Anna - Narcissist (Lyric Video) LYRICS: Out of touch with my feelings I can't help it if I'm happy or sad Today I cried for no reason Made me feel like a psychopath I should hate you 'cause I love you You should hate yourself for treating me like that We both know you only love you Did you know they have a name for that? You say that I'm crazy You say that you're sorry Won't happen again You say I'm dramatic I'm overreacting And maybe I am And I know You get over me But can you get over yourself? Before you go and love somebody else You should probably get some help My parents don't like you Why would they want to? After they found me crying on the bathroom floor I don't even like me anymore 'Cause you say that I'm crazy You say that you're sorry Won't happen again You say I'm dramatic I'm overreacting And maybe I am And I know You get over me But can you get over yourself? Before you go and love somebody else You should probably get some help You lose your voice when you yell too much Don't say you love me until you mess up Phone calls past 12 o'clock Wanting me back Don't you know that they got a name for that? You say that I'm crazy You say that you're sorry Won't happen again You say I'm dramatic I'm overreacting And maybe I am And I know You get over me But can you get over yourself? ### 286. Ek Din Aap || Little Things || Dhruv Kavya #netflix #dhruvkavya #littlethings

Description: TO SOMEONE WHO OVERTHINKS, When I say life is all about the LITTLE THINGS irrespective of your age,I mean it.I ain't exaggerating. Nope,not even a bit. Believing in pinky promises are my things and they've had been the highest level of trust factor for me. It's really exhausting to live a double life, we are happy,cheerful souls in the morning,sad in the afternoon and 2 ams are meant for depression and self doubt.Period. There comes a time when we are tired of plastering smiles on our faces and living up to everyone's expectations. Sometimes the cement hardens so fast that we hardly succeed in giving it a shape we desire. We sometimes need someone to just lay beside us and listen to our non stop rants of career,self doubt, relationships, financial decisions without judging. No matter how many lavender scented candles we burn in the hope of feeling good,those long pampering shower

sessions with loud music we have, workouts we do, get along with our friends, eat our favourite chicken biryani, we still can't get through the day if we are all doing is overthinking about that one soul or maybe that one dream college and job. Sometimes a hug is what we crave for, we just feel laying our head on our mother's lap and talk about every damn shit going on in our mind, but we can't.WE JUST CAN'T. There are some days when we feel like having dinner in our room, in our space, with no human interaction and wish to just get tucked into our blanket as soon as it gets over. Yes, such days do exist. Somedays we just feel like taking our bike out and travel with no pre-decided destination. We neither function properly on some mornings nor get simple things done like finding a maid even though she comes at specific hours. So, Kyun na rok kar khud ko ek mashwara kar lein, for all the little things that matter in love. "Aadatan to sochenge" "Hota yoon to kya hota". ## 351. Chillstep Music for Programming / Cyber / Coding

Description: Could music boost your coding performance? Monotonous keyboard clicks can make you lose your train of thought. Our minds are tricky and given the opportunity will wander off to look for something a little more exciting. You can use music to tame your own mind. Research showed that occasional music listening sessions positively influence your concentration and return your mind from wonderland to reality. An additional benefit of music is that it helps to find outside of the box solutions. In tests, subjects that were listening to music outperformed those who did not, when it came to non-standard coding tasks. This playlist, in turn, consists of chillstep that is perfect for focus and concentration. Deep bass, beautiful vocals and rhythms will enhance your working routine and will give you space to collect your thoughts. Coding is your domain and you are its master. No matter what language you speak or work with, all codemancers will be able to appreciate the flow of this playlist. Clear your mind and snap everything into the right place. The lines are fluid and your logic is supreme. The concentration levels are off the charts and no bug can escape your all-seeing eye. Writing code can prove to be a real challenge, but those who persevere will find the solution. Code is your art and don't listen to those who say otherwise. We have created a new channel and we really need your help. ■ Please like, comment or subscribe. CHARITY LIVE LIFE GIVE LIFE About Live Life Give Life: At some point in our lives we all want to create a powerful legacy and make a positive contribution to the world. Becoming an

want to create a powerful legacy and make a positive contribution to the world. Becoming an organ donor is the first heroic step to creating this legacy – the gift of life. Live Life Give Life is committed to celebrating organ donation and inspiring the individual to leave a positive legacy that lasts for generations. Our goal is to motivate everyone in the UK to register as an organ donor. We want people from all walks of life to sign-up to the NHS Organ Donor Register, and to speak-up and share the decision they've made. Live Life Give Life. Make it your legacy. https://www.livelifegivelife.org.uk Jim Lynskey works closely with the donor awareness site Save9Lives to raise people's awareness and understanding of organ donation. "I've been aiming to raise awareness for organ donation with Save9Lives (https://www.save9lives.com/) which works in partnership with The NHS. I formed the campaign when I was transplant listed back in 2015 - it was the fact that one organ donor can potentially save 9 people which really stuck with me amongst the sobering statistics of current donor shortages in the UK. I've been unable to access a new heart so far, so I'm now being kept alive with an electric heart pump. I thought I would drive the frustrated energy associated with my experiences into this vibrant Save9Lives campaign message, and I've since received some very humbling support from many within the music industry. As a fan, it's a huge honour to work with Lewis alongside his incredible Someone You Loved video. Register as an organ donor at Save9Lives (https://www.organdonation.nhs.uk/regi...) will allow us to track how many people have been inspired by Lewis' powerful message illustrated in his video release. I'm sure I speak on behalf of the 6000+ patents awaiting a transplant today in saying thank you for raising such vital awareness, in celebration of Someone You Loved"

Lyrics I'm going under and this time I fear there's no one to save me This all or nothing really got a way of driving me crazy I need somebody to heal somebody to know somebody to have somebody to hold It's easy to say but it's never the same I guess I kinda liked the way you numbed all the pain Now the day bleeds, into nightfall and you're not here, to get me through it all I let my guard down and then you pulled the rug I

was getting kinda used to being someone you loved I'm going under and this time I fear there's no one to turn to This all or nothing way of loving got me sleeping without you Now I need somebody to know somebody to heal somebody to have just to know how it feels It's easy to say but it's never the same I guess I kinda liked the way you helped me escape Now the day bleeds, into nightfall and you're not here, to get me through it all I let my guard down and then you pulled the rug I was getting kinda used to being someone you loved And I tend to close my eyes when it hurts sometimes I fall into your arms I'll be safe in your sound til I come back around For now the day bleeds, into nightfall and you're not here, to get me through it all I let my guard down and then you pulled the rug I was getting kinda used to being someone you loved But now the day bleeds, into nightfall and you're not here, to get me through it all I let my guard down and then you pulled the rug I was getting kinda used to being someone you loved I let my guard down and then you pulled the rug I was getting kinda used to being someone you loved

"I can go a little while longer," she fades away She don't see her perfect, she don't understand she's worth it Or that beauty goes deeper than the surface, oh, oh So to all the girls that's hurting, let me be your mirror Help you see a little bit clearer the light that shines within [Chorus] There's a hope that's waiting for you in the dark You should know you're beautiful just the way you are And you don't have to change a thing The world could change its heart No scars to your beautiful, we're stars and we're beautiful [Bridge] No better you than the you that you are No better you than the you that you are No better life than the life we're living No better life than the life we're living No better time for your shine, you're a star No better time for your shine, you're a star Oh, you're beautiful, oh, you're beautiful [Chorus] And there's a hope that's waiting for you in the dark You should know you're beautiful just the way you are And you don't have to change a thing The world could change its heart No scars to your beautiful, we're stars and we're beautiful And you don't have to change a thing The world could change its heart No scars to your beautiful, we're stars and we're beautiful http://vevo.ly/NmGEX8

That old familiar sting When you know they're gone But you still hold on to the little things Mama always told me that the ones that leave They look down on us in golden wings I wanna believe it Tell me do you believe it [Chorus] When we lose the ones we love I was getting used to, used to Having you with me, so why you gotta leave? Just hold me like you used to, used to Are you looking from above? I didn't want to lose you, lose you So why you gotta leave? I need you here with me Just hold me like you used to, used to [Verse 2] When I lay awake at night I feel you close to me Now you're taken from this world I hope you can finally breath Mama always told me that the songs I sing will make you proud So I'm singing this So do you hear it? I wanna believe it [Chorus] When we lose the ones we love I was getting used to, used to Having you with me, so why you gotta leave? Just hold me like you used to, used to Are you looking from above? I didn't want to lose you, lose you So why you gotta leave? I need you here with me Just hold me like you used to, used to [Bridge] I just wanna take away, take away All the pain of yesterday, yesterday I just wanna feel okay, feel okay I just wanna be okay [Chorus] When we lose the ones we love I was getting used to, used to Having you with me, so why you gotta leave? Just hold me like you used to, used to Are you looking from above? I didn't want to lose you, lose you So why you gotta leave? lyrics & meaning to this Heart-Melting Radha Krishna Bhajan: Ore more man Sri Radhika raman nishi dina guna gana gae ja O my mind! Keep on chanting everyday the glories of Lord Krishna. China china neha barhae ja pala pala prema barhae ja Practice loving Him more and more with every passing moment. mana Govinda guna gae ja Keep on singing the glories of Govinda. Vaha jivana kya jivana jisa mem jivana dhana se pyar na ho Life in which there is no love for the giver of this precious life, is no life at all. Hai vaha pyara pyara kya jisa mem piya sukha mem balihar na ho Love in which there is not complete self-sacrifice for the beloved, is not true love. Shyama-Shyam milana hita nita prati nainana nira bahae ja Continue shedding

selfless tears in hope of being united with the Divine Couple. Mana Govinda guna gae ja jivana saphala banae ja Make this human life meaningful by continuously chanting the glories of Govinda in your mind. Priya pranana pyari sukumari Bhanudulari jana re Know that Shri Radha, the Divine daughter of King Bhanu, is more precious to Lord Krishna than His very life. Chakar bana nita karata chakari sundara syama sujana re The all-attractive Lord is always keen to render service unto Shri Radha. Prema Kripalu sudha Chakhana hitta mann Radhe Radhe gae ja O my mind! If you wish to taste the sweetest nectar of Divine Love, chant the name of Radha. Radhe Radhe gae ja mann Radhe Radhe gae ja O my mind! Chant always the name of Radha Rani.

Description: Thanks for watching! Like, comment and subscribe. Show: Five Feet Apart Song: The One That Got Away - Brielle Von Hugel Cover Lyrics: Summer after high school when we first met We make out in your Mustang to Radiohead And on my 18th birthday We got matching tattoos Used to steal your parents' liquor And climb to the roof Talk about our future Like we had a clue Never planned on one day I'd be losing you In another life I would be your girl We'd keep all our promises Be us against the world In another life I would make you stay So I don't have to say You were the one that got away The one that got away I was June and you were my Johnny Cash Never one without the other, we made a pact Sometimes when I miss you I put those records on Someone said you had your tattoo removed Saw you downtown, singing the blues It's time to face the music I'm no longer your muse But in another life I would be your girl We'd keep all our promises Be us against the world In another life I would make you stay So I don't have to say You were the one that got away The one that got

away The one The one The one that got away All this money can't buy me a time machine, no Can't replace you with a million rings, no I should have you told you what you meant to me, whoa 'Cause now I pay the price In another life I would be your girl We'd keep all our promises Be us against the world In another life I would make you stay So I don't have to say You were the one that got away The one that got away The one (the one) The one (the one) The one (the one) In another life I would make you stay So I don't have to say You were the one that got away The one that got away #FiveFeetApart #ColeSprouse

love you I hate that I love you Don't want to, but I can't put Nobody else above you I hate you, I love you I hate that I want you You want her, you need her And I'll never be her [Verse 2: gnash] I miss you when I can't sleep Or right after coffee or right when I can't eat I miss you in my front seat Still got sand in my sweaters From nights we don't remember Do you miss me like I miss you? Fucked around and got attached to you Friends can break your heart, too And I'm always tired, but never of you If I pulled a you on you, you wouldn't like that shit I put this reel out, but you wouldn't bite that shit I type a text, but then I never mind that shit I got these feelings, but you never mind that shit Oh oh, keep it on the low You're still in love with me, but your friends don't know If you wanted me, you would just say so And if I were you, I would never let me go [Chorus: Olivia O'Brien] I hate you, I love you I hate that I love you Don't want to, but I can't put Nobody else above you I hate you, I love you I hate that I want you You want her, you need her And I'll never be her [Verse 3: gnash] I don't mean no harm, I just miss you on my arm Wedding bells were just alarms Caution tape around my heart You ever wonder what we could have been? You said you wouldn't and you fucking did Lie to me, lie with me, get your fucking fix Now all my drinks and all my feelings are all fucking mixed Always missing people that I shouldn't be missing Sometimes you gotta burn some bridges just to create some distance I know that I control my thoughts and I should stop reminiscing But I learned from my dad that it's good to have feelings When love and trust are gone I guess this is moving on Everyone I do right does me wrong So every lonely night, I sing this song [Chorus: Olivia O'Brien with gnash] I hate you, I love you I hate that I love you Don't want to, but I can't put Nobody else above you I hate you, I love you I hate that I want you You want her, you need her And I'll never be her [Bridge: Olivia O'Brien with gnash] All alone, I watch you watch her Like she's the only girl you've ever seen You don't care, you never did You don't give a damn about me Yeah, all alone, I watch you watch her She is the only thing you've ever seen How is it you never notice That you are slowly killing me? [Chorus: Olivia O'Brien] I hate you, I love you I hate that I love you Don't want to, but I can't put Nobody else above you I hate you, I love you I hate that I want you You want her, you need her And I'll never be her Extra Tags gnash - i hate u, i love u (Lyrics) (ft. olivia o'brien) #gnash #ihateuiloveu #AuroraVibes

Nobody knows, nobody knows I was dancing in the rain I felt alive and I can't complain But now take me home Take me home where I belong I can't take it anymore I was painting a picture The picture was a painting of you And for a moment I thought you were here But then again, it wasn't true, down And all this time I have been lying Oh, lying in secret to myself I've been putting sorrow on the farthest place on my shelf And I

was running far away Would I run off the world someday?... #AURORA #Runaway #TikTok

------ • Lyrics: Every time you walk into the room Got me feeling crazy, shock my heart boom boom. Any other boy would stare but me, I look away 'cause you're making me scared. Trying not to breathe 1, 2, 3, Trying not to freak when you look at me. Gotta make a move but I freeze, You don't have a clue what you do to me. Girl, you make me shy, shy, shy. You make me run and hide, hide, hide. Feel like I get lost in time Whenever you're near me. Girl, you make me shy, shy, shy, I'm fighting butterfli-flies. Yeah, you make me lose my mind Whenever you're near me. Girl, you make me shy. Rejection is a word that I don't wanna know But a girl like you could kill a boy real slow. A million words stuck up in my head Waiting to be said but my tongue is stumbling. Trying not to breathe 1, 2, 3, Trying not to freak when you look at me. Trying to make a move but I freeze, You don't have a clue what you do to me. Girl, you make me shy, shy, shy. You make me run and hide, hide, hide. Feel like I get lost in time Whenever you're near me. Girl, you make me shy, shy, shy, I'm fighting butterfli-flies. Yeah, you make me lose my mind Whenever you're near me. Girl, you take me high. I feel like I can fly. But I fall out of the sky. When I look into your eyes. Oh, girl, you make me shy, shy, shy. You make me run and hide, hide, hide. Feel like I get lost in time Whenever you're near me. Girl, you make me shy, shy, shy. I'm fighting butterfli-flies. Yeah, you make me lose my mind Whenever you're near me. Girl, you make me shy. Girl, you make me shy. Can't even talk to you. Girl, you make me shy. #nightcore #shy

#### 495. Dave Thomas Junior - I Can't Make You Love Me

Description: lyrics: Turn down the lights Turn down the bed Turn down these voices inside my head Lay down with me Tell me no lies Just hold me close, don't patronize Don't patronize me 'Cause I can't make you love me if you don't You can't make your heart feel something it won't Here in the dark, in these final hours I will lay down my heart and I'll feel the power But you won't, no you won't 'Cause I can't make you love me, if you don't I'll close my eyes, then I won't see The love you don't feel when you're holding me Morning will come and I'll do what's right Just give me till then to give up this fight And I will give up this fight 'Cause I can't make you love me if you don't You can't make your heart feel something it won't Here in the dark, in these final hours I will lay down my heart and I'll feel the power But you won't, no you won't 'Cause I can't make you love me, if you don't This is a cover. X EXECUTE: We were both young when I first saw you. I close my eyes and the
flashback starts: I'm standing there On a balcony in summer air. See the lights, see the party,
the ball gowns, See you make your way through the crowd, And say, "Hello." Little did I
know... That you were Romeo, you were throwing pebbles And my daddy said, "Stay away
from Juliet." And I was crying on the staircase Begging you, "Please don't go." And I said,
"Romeo, take me somewhere we can be alone. I'll be waiting. All that's left to do is run. You'll
be the prince and I'll be the princess. It's a love story. Baby, just say 'Yes'." (x2) "Marry me,
Juliet. You'll never have to be alone I love you, and that's all I really know. I talked to your dad.
Go pick out a white dress. It's a love story. Baby, just say 'Yes'." (x2)

Someone You Loved Lewis Capaldi Cover Girl Lyrics: [Verse 1] I'm going under and this time I fear there's no one to save me This all or nothing really got a way of driving me crazy I need somebody to heal Somebody to know Somebody to have Somebody to hold It's easy to say But it's never the same I guess I kinda liked the way you numbed all the pain [Chorus] Now the day bleeds Into nightfall And you're not here To get me through it all I let my guard down And then you pulled the rug I was getting kinda used to being someone you loved [Verse 2] I'm going under and this time I fear there's no one to turn to This all or nothing way of loving got me sleeping without you Now, I need somebody to know Somebody to heal Somebody to have Just to know how it feels It's easy to say but it's never the same I guess I kinda liked the way you helped me escape [Chorus] Now the day bleeds Into nightfall And you're not here To get me through it all I let my guard down And then you pulled the rug I was getting kinda used to being someone you loved [Bridge] And I tend to close my eyes when it hurts sometimes I fall into your arms I'll be safe in your sound 'til I come back around [Chorus] For now the day bleeds Into nightfall And you're not here To get me through it all I let my guard down And then you pulled the rug I was getting kinda used to being someone you loved But now the day bleeds Into nightfall And you're not here To get me through it all I let my guard down And then you pulled the rug I was getting kinda used to being someone you loved [Outro] I let my guard down And then you pulled the rug I was getting kinda used to being someone you loved

He worked with artists like Russ, Alessia Cara, and Tate McRae — amassing billions of global streams and receiving international acclaim. Lyrics: I bought you things that I didn't even have the money for If I could make you feel so rich, I don't mind feeling poor There's something about you so addictive, had me needing more Yeah, I just wanna hold you Baby, you the one I want I know I've said this all before but I'll say it again You the only one I want and girl, I can't pretend I remember cloudy days we cuddled in my bed The thought of losing you just makes no sense inside my head You the reason I believe that love is real Ain't nobody make me feel the way you make me feel Darling, tell me is it real? Or was I lying to myself just to make it feel so real? Ain't nobody gon' love you like I love you Ain't nobody gon' want you like I want you Ain't nobody gon' trust you like I trust you Ain't nobody gon' ain't nobody gon' Ain't nobody gon' love you like I love you Ain't nobody gon' trust you like I trust you Ain't nobody gon' want you like I want you Ain't nobody gon' wanna no no I can't love nobody anymore You the only one that I ever want I compare her to you, she has never won Now I wanna just be all alone Nobody love me like you And I can't love nobody back You remind me of the moon Cuz' every night you coming back What am I supposed to do? If I'm so in love with you I cannot get over you I cannot get over you Since you left me every night I go stare at the moon Wishing it was you and I that's something we would do Every Sunday morning, I go watch the flowers bloom I do things we used to do hoping I'll run into you What's a lie and what's the truth I cannot get over you Doesn't matter what I do Everyone just looks like you Girl, I smell you everywhere Smell your perfume and your hair I try to act like I don't care Everyone knows that I care You the reason I believe that love is real Ain't nobody make me feel the way you make me feel Darling, tell me is it real? Or was I lying to myself just to make it feel so real? Ain't nobody gon' love you like I love you Ain't nobody gon' want you like I want you Ain't nobody gon' trust you like I trust you Ain't nobody gon', ain't nobody gon', no Ain't nobody gon' love you like I love you Ain't nobody gon' trust you like I trust you Ain't nobody gon' want you like I want you Ain't nobody gon' ain't nobody gon' #OfficialMusicVideo #AliGatie #Moonlight #WeAreWarnerRecords

prabho pahi apan-namamisha shambho Meaning Vibhu moksha personified, Veda incarnate,
all-pervading Lord, Lord, master of all, I pay obeisance to you, and am ever-worshipful, Away
from maya and the cycles of nature, of conscious desire, I chant to you Lord Digambara, who
wears the sky as a garment. Who is formless, Aumkar's origin, beyond the three gunas,
Beyond speech, knowledge, senses, giver of grace, Perfect One who brings awe and
reverence within, Lord of Time, Lord of Kailash, beyond this world, my obeisance to you.
Fair-skinned like Himanchal, serene, unmoved, Of beauty and grace greater than a million
Kamadevas, ever glowing, Upon whose head resides the sacred Goddess Ganga, Upon
whose head is the crescent moon, whose neck is adorned by a snake. In his ears are
kundalas, whose eyes and eyebrows are beautiful, Cheerful, blue necked, kind,
compassionate, understanding, Wrapped in animal skin, wearing a garland of skulls, Dearest
to all, Lord of all, I chant his name – Shankara, Rudrarup, best, perfect, eternal, unborn, the
opulent one, With the effulgence of a million suns, with a trident in hand, Who uproots the
three kinds of griefs, who by love can be gained, I chant Bhavani's husband's name –
Shankar – to you I pray. Beyond time, timeless, welfare incarnate, the creation's end, Enemy
of Tripura, who gives pleasure and happiness to the worthy, Giver of eternal bliss, who
removes worldly entanglements, Kamadeva's destroyer, bless me, you churn my heart.
Husband of Parvati, till we worship your lotus feet, We can never attain peace and joy in this
world or in heaven, Or mitigate or lessen our suffering, Lord who resides in the heart of all, be
pleased with me and my offering. Oh Shambho, I know not yoga, or penance or worship or
prayer, But I always honor you, Oh my Lord, always be my savior, Suffering the cycle of
death, birth and old age, I burn, Lord, protect this pained one from grief, I offer you my
devotion, ALBUM TITLES: ANTAR ANAND SINGER: Sanjay Sharda The Art of Living

Would you tell me that you love me back? What if I told you that I miss you? Would you tell me that you miss me back? [Pre-Chorus: Ali Gatie] What if I told you that I need you? (Need you) Would you tell me that you need me, yeah? If I tell you all my feelings (Feelings) Would you believe me, yeah? [Chorus: Ali Gatie] What if I told you that I la-la-la-la-la-la-love you? Yeah What if I told you that I la-la-la-la-la-la-love you? Yeah What if I told you that I need you? (Need you, need you) Would you tell me that you need me, too? But if I told you that I la-la-la-la-la-la-love you? Ayy [Verse 1: Ali Gatie] When you told me that you loved me Was I a fool to believe in you? When you told me I was special Was I dumb for trusting you? When you told me that you want me Did you really want me? Or was this all a joke to you? (To you, to you) I don't wanna say, "I miss you" If I don't know that you miss me back (Oh no, no) I don't wanna say the wrong thing If I do, there's no coming back [Pre-Chorus: Ali Gatie] What if I told you that I need you? (Need you) Would you tell me that you need me, yeah? If I tell you all my feelings (Feelings) Would you believe me, yeah? [Chorus: Ali Gatie] What if I told you that I la-la-la-la-la-la-love you? Yeah What if I told you that I la-la-la-la-la-la-la-love you? [Verse 2: Ali Gatie] I wish I told you that I loved you Now it's too late, you have someone new I hope he loves you like I do Do you love the way he's treating you? [Bridge: Ali Gatie] What if I told you that I loved you? Would you tell me that you love me back? If I told you that I miss you Would you tell me that you miss me back? How many nights do we have to lie awake? How many tears are we gonna cry? How many bridges could we cross instead of burn? Why do we find it hard to forgive? We're so blinded that it's easy to forget only love, only love can save us now keep the world from burning down, down, down to the ground, ground, ground Only love can look inside a human heart and see us for who we are and who we are would be enough If only there was only love only love, only love only love, only love only love, only love So what happens when the sky above runs out of every single shooting star and what if every good intention's only meant to go so far Only love, only love can save us now keep the world from burning down, down, down to the ground, ground only love can look inside a human heart and see us for who we are and who we are would be enough If only there was only love" Official Website: http://www.iamfearlesssoul.com Let's Be Friends On Facebook! https://www.facebook.com/iamfearlesssoul/ TWITTER: https://twitter.com/iamfearlesssoul/ INSTAGRAM: http://www.instagram.com/iamfearlesssoul/ @ Fearless Soul, for terms of use, of any of our audio or visual productions, please email us at: team@iamfearlesssoul.com If you loved this, please share the video and spread the message on Social Media using the share links in this video. lost myself that night I threw it all away Those are the things I've hated Then I went and caved in I'm a mess right now My heart is in two places Half is back at home The other's off and racing [Pre-Chorus] I've been Running and running and running and running away I know they'll catch me Running and running and running two opposite ways [Chorus] I can't let my past catch me now, me now I can't let my past drag me down, me down [Verse 2] I lost myself that night I threw it all away Recall my mother's words But it was far too late I feel the burden now It's weighing down my soul And I can't catch my breath 'Cause these demons follow [Pre-Chorus] I've been Running and running and running and running away I know they'll catch me Running and running and running two opposite ways [Chorus] I can't let my past catch me now, me now I can't let my past drag me down, me down I can't let my past catch me now, me now I can't let my past drag me down, me down [Bridge] Swear I've changed But you don't care that I'm not the same You'll always haunt me I swear I've changed But you don't care that I'm not the same [Chorus] I can't let my past catch me now, me now I can't let my past drag me down, me down I can't let my past catch me now, me now I can't let my past drag me down, me down Tags: #Munn #ILostMyself #Lyrics Ethereal Music is striving to bring you the best music from up and coming artists/producers. What if you never told your family you were leaving? When you felt the pressure There's a million different reasons We shouldn't be together But when I put it all together [Pre-Chorus] It all comes back to you, you, you I love it when the only light is me, you, and the moon And baby, when I close my eyes, I'm thinkin' about... [Chorus] If we never met I'd be drunk, waking up in someone else's bed I'd be lost in a crowded room of fake friends I wouldn't even know what love is If we never met [Verse 2] What if I never left Nashville? What if you never called me back when I asked you? Somethin' stupid 'bout the weather It all happened for a reason 'Cause you put me back together But when I put it all together [Pre-Chorus] It all comes back to you, you, you I love it when the only light is me, you, and the moon And baby, when I close my eyes, I'm thinkin' about... Bina kuch bole nikal jayungi ya tera chehra takti rahungi. Kya thuje btaungi kaise rahi thujse juda hoke mai. Ya ek baar phir akele hi sab sahungi. Shayad chup rahungi. Dil chahega thuje ek baar gale se laga lu. Phir raat bhar tere saath bhaithu. Aur dil pe laga har zakhm dikha du. Tham lu tere haatho ko Kuch pal ke liye thuje apna bana lu. Ek baar phir teri aakho me kho jaayun. Bas kuch der ke liye, pehle ki tarah tere sine pe so jaun. Dil chahega phir se teri ho jayu. Par shayad mai kuch na kahungi. Aakho ko jhuka ke. Is dil ko samjha ke khud ko rok lungi. Par shayad mai kuch na kahungi. Is dil ko samjha ke khud ko rok lungi. Aae agar kuch aansu, unhe palko pe hi sok lungi. Ek baar phir juda ho jayenge hum. Is janam me na sahi Agle janam me apni Kahaani ko aage badhayenge hum. Sochti hu agar kabhi phir se hum takrayein. To kya kahungi. Shayad chup rahungi.

# 685. Gracie Abrams - I miss you, I'm sorry (Lyric Video)

Description: Listen to "I miss you, I'm sorry" from the debut project "minor", out now: https://smarturl.it/GAminor a note from gracie: hi everyone i know everything is scary and uncertain right now and i thought that maybe this wasn't the right time to release anything, but the truth is that writing and listening to music have always grounded me whenever i find myself feeling scared or anxious or excited or lost or in love or out of control. this kind of anxiety is different. none of us have lived through something like this before. and yet, gratefully and impossibly, music continues to bring me comfort and i'm thinking that might be true for some of you too. i co-wrote this song with sarah aarons and i don't know if i'll ever get over it. sarah is a hero of mine and of so many others. she's brilliant, she's humble, she is so fucking talented. writing with her is an experience i'll carry with me for the rest of my life (i love you sarah). blake produced this song. i love him, obviously. this song wouldn't be the same without him. i hope you like this song but mostly i hope you're well and safe. in the midst of all this, i'm so moved by everyone working on the frontlines of this crisis. last week i shared my

admiration and support for save the children, a group doing life changing work for kids around the world. today it feels important to lift up the incredible women working to support victims of domestic violence. while some of us are grateful to be sheltering in place, others are in extreme danger. women and children who live with abusive partners need the services of local organizations like jenesse center and national resources like the national domestic violence hotline. if you're interested in learning more, please check them out. https://jenesse.org/ https://www.thehotline.org/ i love you guys. be safe. https://www.astridsofficial.com Video by: Fill In Productions Titles by: Brusjan LYRICS Two weeks and I wait 'til the feeling hits Maybe I just haven't let it sink in For three years we we're living together Held me like you'd hold me forever Didn't think that heartbreak would feel like this From everything to nothing at all From every day to never at all And everyone says that I should be sad Is it normal that: I don't feel sorry for myself care if your hands touch somebody else wouldn't get jealous If you're happy It's ok if you forget me I don't feel empty now that you're gone Does that mean it didn't mean nothing all? But I'll tell you what the worst is It's the way it doesn't hurt When I wish it did Patience is a thing that I've learned from you That some things can feel wrong even though they're true Went through all the hard times together Kept me calm when I'd lose my temper I'm just really grateful that I had you

perceptions studio Written, Composed and Sung by: Yawar Abdal Translation and subtitles: Taha Shah Lyrics Koi na koi to hoga raasta Jata jo ho meri manzila jahan Somehow there will be a way Landing me to where my destination is Sunsan sab galiyan sab veeran yahan Puchon kisse sab hai bezubaan The allays are silenced and everything is deserted here Who do I ask when all are voiceless? Ab din raat se lagne hai lagey Kab ubre wo aaftab Now days feels like nights When will the sun rise? Kaun mera hai tere siwa Aasan kar mere imtihaan Who do I have without you? Please make these tests easy for me Gham khwar tu, tu mushkil kusha Aabad tu karde mera jahan You're the comforter, the problem solver Bring meaning to my life Sheen ghali wandhe chali sui bahar ha yee Taaf kari gul pholi sui bulbul ha yee The snow will melt, the winters shall depart, spring will arrive again The sun will rise, flowers will bloom, and the bulbul shall sing again Uberenge hum aise jaise aaftab Roke se na rukte hum hai wo sawaar We will rise as the sun does We can't be stopped once we start Ye hamare khwabon ke parindey Udenge jo khuley asmanon mei These are the birds of our dreams Who will fly in the open Mei hageegat meri kaise janon Jalade tu teri khwahishein How do I know the reality of my fate? For that you will have to burn your desires Zinda to hoon par sukoon hai kahan Ab maut he hai darde dil ka dawa I am alive but, not at peace Now death seems like the cure to my pain Ek akhri sun meri iltijaa Aazad tu karde mujhe yahan For one last time, entertain my request Free me from all of this.

You never share your toys or communicate I guess I'm just a play date to you [Verse 2] Wake up in your bedroom and there's nothing left to say When I try to talk you're always playing board games I wish I had monopoly over your mind I wish I didn't care all the time [Pre-Chorus] We're just playing hide and seek It's getting hard to breathe under the sheets with you I don't want to play no games I'm tired of always chasing, chasing after you [Chorus] I don't give a fuck about you anyways Who ever said I give a shit about you? #### 780. Dashavatar & Darwin's Theory Of Evolution

Description: Life on Earth was not always as it is now. One of the most interesting topics for humanity has been the advancement of living species. How did life begin? How did the species evolve? Both science and religion have tried to answer these questions in several ways. Science states that human beings evolved from apes, but religions preach that God created human beings and sent them to earth. It may come as a surprise to many people, but the Indians explained Darwin's theory of evolution thousands of years before Darwin! The ten incarnations of Lord Vishnu or "DashaAvatara" are an extraordinary record of the evolution of human life and the advancement of human civilization. Hinduism, the oldest religion in the world, has a concept called Dashavatar. He says that Lord Vishnu descends to Earth in the form of an incarnation to restore the cosmic order. Now you wonder why we are talking together about DashaAvatara and Darwin's theory of evolution. This is because the two are surprisingly similar. Interesting, right?

### 782. Why Lord Shiva Worshipped In The Form Of Lingam?

Description: In Hinduism, Shivling is a symbol that represents Lord Shiva. As the most powerful deity, temples are built in his honor, including a Shiva Ling, which represents all the energies in the world and beyond. There is no origin or form that can be associated with Shiva. Humans need a symbol to worship, so the ling was created "Ling means symbol". For example, if someone used a stethoscope, it could identify that person as a doctor. A ling is just a symbol to identify something. This symbol we call Shivling has a scientific explanation. The truth behind the scientific discovery performed by scientist Neils Bohr indicates that the molecules are made up of atoms that consist of protons, neutrons and, electrons, which play a vital role in the composition of Shiv Ling. in ancient time, instead of using those English words such as Proton, Neutron, Electron, and Energy, ancient sages used words such as Lingam, Lord Vishnu, Lord Brahma, Shakti, lord shiva, etc., since Sanskrit was the primary language in those periods.

Description: Sometime ago I went to Wandhama- A village in Central Kashmir forever stuck in the past, Trapped in that one night of horror in 1998. I don't know what I expected going therenames, numbers, a story? But in the one hour that I was there, what I came back with was more than my camera could capture, more than my heart could bear. When the ruins dissolve like salt in water, Only then then will they have destroyed everything. -Agha Shahid ('A Villanelle')

Thinking you could live without me Thinking you could live without me Baby, I'm the one who put you up there I don't know why (Yeah, I don't know why) Thinking you could live without me Live without me Baby, I'm the one who put you up there I don't know why (I don't know why, yeah yeah) [Verse 2] Gave love 'bout a hundred tries Just running from the demons in your mind Then I took yours and made 'em mine I didn't notice 'cause my love was blind [Pre-Chorus] Say I'd catch you if you fall And if they laugh, then fuck 'em all And then I got you off your knees Put you right back on your feet Just so you can take advantage of me [Chorus] Tell me how's it feel sittin' up there Feeling so high but too far away to hold me You know I'm the one who put you up there Name in the sky Does it ever get lonely? #### 895. MANN KI BAAT FROM REMOTE LADAKH

Description: Please help this message reach our dear Prime Minister Sh Narendra Modi WHY UT LADAKH DESRVES 6th SHEDULE In this episode, I talk about how Ladakhi people will remain ever grateful to the Central Government led by Prime Minister Sh Narendra Modi and Home Minister Sh Amit Shah for fulfilling their longstanding wish of becoming a Union Territory (UT). However, it is causing concern and confusion among the people of Ladakh that event two days before the formal bifurcation of the state on 31st October the government has not announced anything about the safeguards to the tribal population of Ladakh... their land and environment. Ladakhis didn't ask for statehood which would have naturally given them powers to legislate about their own affairs. They demanded UT with the legislative council but they were happy even when the government denied this. The least they asked in this UT without legislative power was that Ladakh is covered under the 6th Schedule of Indian Constitution (Article 244). This would have provided various safeguards for the land, culture, and environment as has been done in parts of Assam, Mizoram, Meghalaya, and Tripura. One of the most important features of the 6th schedule is that it provides legislative powers to the Territorial Councils, in our case the two Hill Councils of Ladakh. However, the problem is that different sources say that there seems to be no intention to give even this provision to Ladakh. This means that on the 1st of November Ladakh will be a UT with no safeguards and will be for sale... even if the ultra-fragile trans-Himalayan nature cannot support heavy industry or large population transfers. This is causing a lot of concern among people and it may dilute the gratitude and goodwill that people developed for the current government for granting the UT status. The surprising fact is that two months ago even the NCST the National Commission for Scheduled Tribes had unanimously recommended the inclusion of Ladakh in this provision and yet there is a deafening silence about this very issue that Ladakhi people want to hear

about. In this video, I say that the Government of India has been so motherly and generous that for its children with special backgrounds i.e. tribals, it devised constitutional provisions to protect their land, culture, environment, and interests in the form of 5th and 6th Schedule of Indian constitution. So far all regions in India that have more than 50% tribal population have got the benefits of the 5th or 6th schedule. And therefore for Ladakh with its 96% tribal population, inclusion in the 6th schedule becomes a matter of right also... knowing that our constitution provides the right to equality also.

I wanna grow old with you I wanna die lying in your arms I wanna grow old with you I wanna be looking in your eyes I wanna be there for you, sharing

everything you do I wanna grow old with you. A thousand miles between us now it causes me to wonder how our love tonight remains so strong it makes our risk right all along. The time we spent apart will make our love grow stronger but it hurts so bad i can't take it any longer. I wanna grow old with you I wanna die lying in your arms I wanna grow old with you I wanna be looking in your eyes I wanna be there for you, sharing everything you do I wanna grow old with you.
